SKILLS

- **Languages:** Java, Kotlin, C++, Python
- **Web Technologies:** HTML5, CSS, JavaScript, React Js, Node.js, Tailwind CSS, Express Js, PHP, MVC, Laravel
- **Tools/Platforms:** Android Studio, Git, GitHub, XAMPP, Canva, Vercel, Render, Docker, AWS,
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Soft Skills:** Problem-Solving, Adaptability, Work-ethic, Decision-making, Innovative

INTERNSHIP

AI Systems Evaluation Intern – Airdawg Labs | remote

July 2026 – Present

- Evaluated Large Language Model (LLM) outputs through structured testing methodologies, emphasizing accuracy, reliability, safety, and response quality across diverse real-world scenarios.
- Collaborated on AI evaluation workflows by designing prompts, performing analytical assessments, documenting observations, and contributing actionable insights to improve model performance.
- Supported research-driven validation processes by maintaining detailed evaluation reports, ensuring consistency in testing standards, and assisting in the refinement of AI system behavior through evidence-based analysis.

PROJECTS

Virtu Gym – Smart Fitness and Wellness Platform | GitHub | Live

April 2026 – May 2026

- Architected a Laravel-based fitness platform enabling users to access personalized workout plans, track progress, and connect with certified trainers through an intuitive dashboard and real-time analytics
- Spearheaded features such as Laravel Sanctum authentication, role-based access for trainers and trainees, workout scheduling, exercise libraries, and progress tracking with visual analytics dashboards for performance monitoring.
- Delivered a scalable, maintainable backend architecture that reduced feature development time by 40% and established a robust foundation for future AI-driven workout recommendations, nutrition planning, and real-time trainer-student interactions.
- **Tech:** PHP, Laravel, MySQL, Blade Templates, Tailwind CSS, REST APIs, Laravel Sanctum, Chartjs

Skill Swap – Skill Exchange Platform | GitHub | Live

January 2026 – April 2026

- Engineered a Full Stack MERN Skill Exchange Platform with real time video sessions(Jitsi Meet API) serving 50+ users for Peer-to-Peer learning without monetary Transactions
- Fortified secure JWT authentication, role-based dynamic dashboards(Learners can become teachers),and scalable CRUD modules for skills, exams, sessions, wallet and reward system (20 sessions=1 free session)
- Fostered an interactive and scalable learning ecosystem by integrating intelligent skill matching, live collaboration, and assessment features, enhancing user engagement and learning outcomes.
- **Tech:** MERN Stack (MongoDB, Express.js, React, Node.js), REST APIs, JWT Authentication, Jitsi Meet API

CERTIFICATES

- Full Stack Web Development - Skill Up – Geeks For Geeks | Link November 2025
- Cloud Computing – NPTEL Swayam | Link October 2025
- C , Java, Python – Hacker Rank | Link October 2025

ACHIEVEMENTS

- Scored 86% in Code Chef Skill Test of C++| Link June 2025
- Achieved 4 star rating in C++, Java, JS programming in Hacker Rank | Link January 2025
- Maintained Top 30 in Diamond Leaderboard W3 Schools | Link January 2025

Extra-Curriculum Activities

- Outpaced Contestants to capture 2nd runner-up position in Visual Decode Challenge by CPE of LPU May 2026
- Earned Podium finish as 1st runner-up in Vanguard Society Quiz Mania Grammar Quiz October 2025

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.38** August 2023-present
- **Sri Chaitanya Junior College** Narasaraopet, Andhra Pradesh
Intermediate; **Percentage: 92.7** June 2022 - March 2023
- **Hindu High School** Narasaraopet, Andhra Pradesh
Matriculation; **Percentage: 99.5** April 2020 - March 2021
